SING SING PRISON SET ON FIRE AGAIN

cond Time in a Week That
Fire Breaks Out at
That Place.

CONVICTS MUTINOUS

Warden is Unable to Place the
Responsibility or Lo-
cate Origin.

(BY ASSOCIATED PRESS)
OSSING, N. Y., July 24.—Another
fire at Sing Sing prison today gave
the mutinous convicts a chance for
more riotous demonstration. The
blaze started in the clothing shop and
the prison fire brigade extinguished
it without outside aid. It was the second
fire in the prison building this
week notwithstanding that the guards
had been doubled since \$150,000 worth
of property was burned there two
days ago.

Although it is generally believed
that the fires were started by con-
victs, the warden has been unable to
place the blame.

When the fire broke out today the
whistles were blown and every pre-
caution was taken to guard against
the escape of convicts. While the
guards and the trustees were attack-
ing the flames more than a thousand
prisoners locked in their cells raised
a chorus of yells that sounded high
above the noise of the alarm.

The men at work in the building
were marched out in good order and
the blaze was extinguished.

On account of the disturbances the
warden decided today to rid the prison
of the most disorderly element. Two
hundred of the worst offenders, all
second term men, were kept in their
cells today and tomorrow sixty of
them will be sent under heavy guard
to Auburn. The rest will be trans-
ferred a day or two later. The 200
incurables belong to what is known
as the "knitting gang."

One hundred men employed in the
shoe shop struck this afternoon and
told the warden they would not work
any longer unless the members of the
knitting gang were released from
their cells. The warden promptly
marched the strikers to their cells
and locked them up.

(BY ASSOCIATED PRESS)
NEW YORK, July 24.—District At-
torney James P. Crosey, of Kings
county, was attacked in the grand

ly arrested for theft. He was outside

WASHINGTON, D. C., July 24.—
The West Virginia commission on
the Virginia debt question arrived
here today and had a conference
with the West Virginia senators and
members of Congress who are in
Washington. No action of any kind

was merely gone over with the dele-
gation. The commission is getting
its bearings and laying a foundation

RETURN OF DAVIS

So Suddenly to Washington
Indicates That He Will
Accept Offer.

(SPECIAL TO THE TELEGRAM)
WASHINGTON, D. C., July 24.—
Congressman John W. Davis returned
today from Clarksburg where he
had intended to remain for several
days. He declined to discuss the
position of solicitor general of the
United States. The statement is
made upon such reliable authority,
however, that he has been tendered
the appointment that there remains
no doubt in the minds of his friends
that it is true. His sudden return
before he had expected to get back
tends to strengthen the report.
Friends of Mr. Davis not only assert
that the position has been offered to
him but that in their opinion he will
accept it. The position is second
in importance only to that of at-
torney general and the salary is
\$10,000 a year.

RHODES ON TRIAL ON BRIBE CHARGE

MEDIATION

In Mexico by the United
States Government is
Proposed.

(BY ASSOCIATED PRESS)
WASHINGTON, D. C., July 24.—
Discussion of the Mexican situation
today turned toward proposals that
the United States act as mediator
while elections are held and a consti-
tutional government established.

Although such suggestions have at
various times been made to Presi-
dent Wilson, Secretary Bryan and
members of Congress by persons in
this country and Mexico, the propo-
sition has never reached the stage of
serious consideration because of the
insistent attitude of the Constitu-
tionalists that they would not en-
tertain mediation under any cir-
cumstances.

who stood in the way.

TRUCE

Continues between Railroads
and Trainmen But Lat-
ter Are Restless.

(BY ASSOCIATED PRESS)
NEW YORK, July 24.—The truce
between the eastern railroads and
their conductors and trainmen pend-
ing attempts to adjust labor difficul-
ties continued today but the employees
showed that they were growing rest-
less. The delay in settling terms of
arbitration they say is costing the
union \$8,000 a day for they are
obliged to pay the expenses of more
than 1,000 members of committees
representing the various locals who
have not gone back to their locomo-
tives since the declaration of the
strike vote.

Head First and is Saved
from Death.

(BY ASSOCIATED PRESS)
SANTA FE, Kan., July 24.—
Alighting head first in a water
bucket suspended in the bottom of
a well today, probably saved the
life of Lloyd Church, son of a
ranchman living in West Haskett
county near the Colorado line.
While playing around a fifty-foot
well, the boy fell into it. He was
rescued by his eleven-year-old sis-
ter, who drew bucket and boy to the
surface. The lad's left arm and
shoulder blade were broken.

COURT DECIDES

Against the Chesapeake and
Ohio and Dismisses
Coupon Bill.

CHARLESTON, July 24.—Upon mo-
tion of Attorney General A. Lilly, to-
day, Judge Samuel D. Littlepage of
the circuit court of Kanawha county,
dismissed the bill of review led by the
Chesapeake & Ohio Railway Company
last month in the two cent fare case.

Under a former order of the court
the railway company must now re-
deem all coupons issued for fares col-
lected in excess of two cents per mile,
upon presentation at its offices in
Charleston, Huntington and Hinton.

Refusal to redeem these coupons
will be contempt of court, in the opin-
ion of the attorney general, and suits
may be entered to collect on them.

COPPER MINING CLOSED DOWN

And Smelter Plants Are
Closed Up Where Miners
Are on a Strike.

AN ASSAULT IS MADE
On One of the Mining Cap-
tains and a Very Bitter
Feeling Prevails.

(BY ASSOCIATED PRESS)
CALUMET, Mich., July 24.—Stamp
mills as well as mines are now shut
down in the Lake Superior copper
district because of the miners' strike.
The tie-up is complete with the ex-
ception of the smelters, some of which
have enough material on hand to
operate for a week or more.

Thomas Matthews, mining captain,
of the Calumet and Hecla, was at-
tacked by strikers last night and
knocked unconscious. A large body
of strikers went from one shaft to an-
other at the Calumet and Hecla and
Tamarack mines and several local em-
ployees were attacked with stones and
painfully hurt.

This morning strikers gathered
around the shaft to keep the men with
dinner pails away. A large number
of deputies have been sworn in and
it is believed they can control the
situation for the present at least. It
is understood the companies will
make no effort now to reopen the
mines.

SUFFRAGET HIDES IN SOOTY CHIMNEY

When Caught by Officers in
Act of Setting Fire to
a House.

GLASGOW, Scotland, July 24.—
Two suffragets, Miss Margaret Mor-
rison, and a young woman who re-
fused to give her name, were ar-
rested here today as they were
about to set fire to a large mansion
which was at one time the resi-
dence of the late Sir John B. Muir,
lord provost.

The attention of the police was
attracted to the house this morn-
ing and they entered. Inside they
found a woman standing with a
match in her hand in front of some
piles of combustibles which had
been banked against the door.
Shortly afterward, Miss Morrison de-
scended a chimney in which she had
been hidden. She was covered with
soot.

a double track steel bridge at Ben-
wood, W. Va., on the Baltimore and
Ohio railroad. The length of the
bridge will be about 1,000 feet. The

pany of Pittsburgh, and the contract

will be awarded in the near future
and the bridge completed without
delay.

A. W. Woodford, an employee of the
Baltimore and Ohio railroad, is in
jail awaiting a hearing before Magis-
trate T. G. Nicewarner on a charge,
preferred by a railroad detective, that
he broke open a trunk at the station
recently and stole several articles
from it.

TIN MILLS HERE NOW SHUT DOWN

For An Indefinite Period as
a Result of the
Strike.

MANY MEN ARE IDLE

Assistant President Returns
to Weirton Not to Come
Back for Months.

Announcement is made that all
employees of the Phillips Sheet and
Tin Plate Company at its mills here,
including the strikers, will be paid
in full Saturday. The mills are now
closed for an indefinite period.
John C. Williams, assistant to the
president of the company, returned
to Weirton this afternoon on a
Short Line train, and he does not ex-
pect to return to Clarksburg for sev-
eral months.

Concerning the closing down of
the mills and the result of his in-
vestigation into the strike condi-
tions, Mr. Williams issued the fol-
lowing signed statement before leav-
ing for Weirton:

"We have decided to close down
our Clarksburg plant indefinitely.
All labor, with the exception of salar-
ied officials, will be paid off. This
step has been taken on account of a
part of our employees walking out
Tuesday night and preventing others
from going to work. This was done
without the least intimation on the
part of the men and the iron was
left in the fire."

"The wages paid in the Clarke-
burg plant were equal to any in the
tin plate business, and the working
conditions were not surpassed any-
where."

"After careful consideration we
have failed to find any real grievance
on the part of the men. The
Clarksburg plant was first put into
operation in June, 1905, and has
been in continuous operation with-
out any shut downs, with the excep-
tion of a few at holiday times. This
is a record which has not been
equaled by any other plant in the
tin plate business during this period of
time."

"We are taking an inventory pre-
paratory to shipping the steel, pig tin
and other supplies from the mills here
and boarding up the plant."

"The Phillips Sheet and Tin Plate
Company."

(Signed)

"JOHN C. WILLIAMS,

"Assistant to the President."

Organizers arrived here last even-
ing and they are using their efforts
to organize the employees of the mills.

Notice was served on the company
that if it did not close its pump sta-
tion on Elk creek, the strikers would
proceed to close it at noon today. The
matter was reported to the sheriff
who took measures to protect the
company.

DONCASTER, Eng., July 24.—An
attempt by a militant suffraget to as-
sault Premier Asquith while he was
on his way today to the town hall of
Morley, Yorkshire, to receive the
freedom of the city, was frustrated
by the police.

Miss Key-Jones, a well known suf-
fraget of this city, sprang upon the
step of the premier's automobile
shouting: "Stop torturing women
you scoundrel," and tried to pull Mr.
Asquith from his seat but the police
caught hold of her and dragged her
away.

sticks of dynamite which John Everitt
was carrying in a basket out of a
shed in the heart of the town of Hone-
oye this morning exploded and blew
Everitt to pieces. The shed disap-
peared skyward, nearby buildings
rocked, windows were broken for a
wide area and residents thrown into
a panic. Only bits of Everitt's body
were recovered.
